

William M. McDermott

Here is a real bag of tricks .

William had 3 Jobs in his entire life that our State Trooper Father helped him obtain.

The US Postal Service, The US Air Force, The Post 1240 Swampscott Ma.

He was thrown out of all three of them. Sucked my mother's breasts until she died in 2002. IE: Used her for support, money and anything else he could get.

This wonderful human being stole \$45,000 out of my Safety Deposit Box at Santander Bank in Swampscott Ma. In 2002. He stole my Father's State Police issued Glock firearm from my safety deposit box in Sovereign Bank Swampscott along with \$45,000

He even screwed Solimine Funeral Home for my mother's burial expenses after refusing to let me pay for it by sending a certified letter to the funeral home demanding that I do not pay and he would pay. Click below for copy of letter.

He told the funeral home [he was going to pay the funeral bill and not to let me pay it](#), then he never paid it and they came after me after sending me a letter telling me that I was not responsible!

He's a Degenerate Gambler. Cost my parents plenty. Stole from everybody he could get his hands on including some of my personal friends. (\$65,000) debt he ran up with my friend (D Serino).

He Stole Ga. State Police weapons from the belly of an aircraft at Logan Airport, then sold them out of my State Troopers father's house who was away on vacation in Florida. Broke my father's heart. WHEN HE GOT CAUGHT.

He then proceeded to wire my father's house with video when he was caught by the ATF to entrap his co-defendant. Can you imagine my State Trooper father away in Florida and this idiot selling stolen State Police weapons, stolen from a Federal Aircraft, from a State Troopers house?

When my parents died they continued to receive credit cards in the mail. He assumed my fathers identity and activated over \$100,000 dollars in credit cards of a dead person and maxed them out. He stole tens of thousands of dollars of Jewelry from my mother's estate and sold it off with other items from the home of value. I signed a condo in Florida over to my older brother Richard Williams and he tried to even steal that. As Trump would say a real **Bad Hombre'**

When my mother took ill before she died he went crazy in the hospital for months driving the staff insane along with the all of the doctors. Fighting, screaming with violence constantly in the presence of these medical professionals. It was a nightmare how he threatened to sue everybody and cause such a massive disruption on the ward floor for months he had to be removed by security many times... He was solely responsible for my mother and father not speaking that much towards the end of their lives because of the stunt he pulled in their condo while they were away in Fla. On vacation. (Selling Stolen Handguns) out of their condo, getting caught, then wiring the house with video for the FBI, ATF and local authorities to entrap his co-defendant. It broke my father's heart in two.

. I could go on forever but enough is enough is enough.

Again we all choose the roads we travel, I hold no grudges, but I never got the feeling throughout my life this man or my other brother Richard Williams appreciated me as a brother. As I get ready to leave this planet it saddens me he never appreciated family more than gambling. I can only hope the remainder years left in his life he finds solitude peace. Mike it's been well over 15 years since I have seen you after you stole money from me and robbed the family of credit cards, cars, jewelry , and shamed them forever by your actions. I'm very sorry that you chose to take the path in life you did. You hurt me extensively broke my heart which never healed. Goodbye!

Ed Williams
